SUMMARY

Dedicated Full Stack Developer with a Bachelor's degree in Computer Science and 1 year of professional experience. Proficient in building scalable web applications using React, Laravel, and .NET. Passionate about coding with a strong portfolio of over 10 projects demonstrating problem-solving skills and technical versatility. Certified in Full Stack Web Development and eager to contribute to innovative software solutions.
Programming has been a passion of mine since childhood.

PROFESSIONAL EXPERIENCE

Full Stack Software Developer Intern

DataProgNet , Ferizaj | May – July 2025

- Developed and maintained front-end features using React + TypeScript, ensuring responsive and user-friendly interfaces
- Collaborated with the team to build and integrate back-end services using ASP.NET and SQL Server.
- Designed and optimized database queries to improve performance and data handling.
- Assisted in debugging and fixing bugs across the stack, improving application stability.
- Gained hands-on experience in full-stack development workflows, version control (Git), and team collaboration using Agile methodologies.

Full Stack Web Developer & IT

Ri-Ecodex, Kacanik | November 2023 - August 2024

- Developed new web application features using Laravel for backend logic and JavaScript for front-end interactivity, working largely independently.
- Improved overall application performance, resolved bugs, and ensured stable and reliable functionality across the platform.
- Handled various IT-related tasks as needed, managing both front-end and back-end responsibilities end-to-end.

CERTIFICATES

Full Stack Web Development Bootcamp Për Programera | October 2024 – April 2025

Technologies: HTML, CSS, TailwindCSS, JavaScript, React.js, PHP, Laravel, and MySQL.

TOOLS

Formik , Yup , Swagger , Postman , Material UI , Vite

Achievement: Awarded **"One Of Best Student of Bootcamp 13"** for outstanding performance and technical excellence throughout the program.

Arizona State University | January 2024 – March 2024
Asu Master Class-Global Trade in the Modern World:Benefits,Challenges,and the path(s) Forward.
JavaScript Essentials 1 – *Cisco Networking Academy & JS Institute* |
18 February 2026
JavaScript Essentials 2 – *Cisco Networking Academy & JS Institute* |
19 February 2026

PROJECTS

- **Cafe Billing System** – Desktop app for managing café orders, invoices, and daily transactions (C#, .NET, SQL Server).
- **Learti Park** – Interactive virtual garden website with animations and user interaction (HTML, CSS, Bootstrap, JavaScript).
- **AI Chatbot** – NLP-based chatbot generating context-aware responses (Python, TensorFlow, SpaCy).
- **Online Shop** – Client-side eCommerce app with authentication, cart, and product filtering (React, TailwindCSS).
- **Fast-Food Management System** – Food ordering platform with real-time order tracking and receipts (React, TailwindCSS).
- **Football Management System** – Web-based ticket booking system with admin panel (PHP, MySQL, TailwindCSS).
- **Rent a Car System** – Car rental management platform with bookings and fleet management (Laravel, MySQL).
- **Jobs Portal** – Job-matching platform with advanced search and filtering (React, ASP.NET Web API, SQL Server).
- **Online Bus Booking System** – Bus ticket reservation system with schedule management (ASP.NET, C#, SQL Server).
- **SMT DataProgNet System** – Internal data management and workflow automation system (React, TypeScript, ASP.NET).
- **X-Watch Product Page Clone** – Smartwatch product landing page UI clone (HTML, CSS).
- **Gjirafa50 Clone** – eCommerce UI clone with product listings (HTML, TailwindCSS).
- **Football Club Website** – Promotional website with modern layout (HTML, TailwindCSS).
- **Automotive Sales & Inventory Platform** – Full-stack system for car sales and inventory with RESTful API (ASP.NET Web API, React, TypeScript).
